

## STEPPING STONES

### Let Us Pray

With God's blessings, we have always come together as a parish community to address our current needs; also, we have not been afraid to look to our future. With the completion of Phases I & II and having successfully retired all building debt on our first two phases, we have the infrastructure in place for Phase III of the St. Joseph Master's Plan – the acquisition of land that met the site criteria for best location and to build a free-standing church. How can you be a part of helping our parish "Realize a Dream" that began in 1995.

- Continue to support the building fund collection which is the second collection on the second Sunday of each month. **All contributions to the building fund go towards Phase III.**
- Pray for our Parish and the Core Team, as we plan and work for the continued growth of our church and school during Phase III.

We appreciate your contributions to this phase and ask that you join us in praying, *The Master's Plan Prayer*, as we plan and work for the continued growth of our church and school during Phase III.

### The Master's Plan Prayer\*

Father, you are the Maker and Lord of all creation, and you guide the lives of each of us at St. Joseph. As you continue to reveal your Master Plan for our parish, help us to know and follow your will. Keep us mindful that our most urgent mission is to share Christ with others, and that our new building offers a vehicle to accomplish this mission.

Thank you for all you have done and will continue to do in our lives.

**Amen.**
